If we were to press the point and make enquiries regarding other cases in Shimoga Extension where the full advance of one year's pay is already disbursed I should not feel surprised if it should turn out that no collateral security is obtained at all.

~~The Govt order~~ The D.C. is to be told that the Govt order requires that the collateral security (to be taken in such cases) is to be taken before ~~any money is paid~~ the first instalment is paid to the party and in cases where he has omitted to take such security, he should furnishing for the information of Govt do so now a list of ~~cases in which he has omitted~~ all such cases.

17 From the mistake committed in this District, it may not be unlikely to presume that the same mistake may have occurred in the other Districts. Neither this office nor the Comptr's office is in a position to furnish information of this sort. When collateral security is stated to be offered and is ordered by Govt to be taken before money is advanced, we have to assume that the D.C. knows what he has to do & actually does it. To prevent such mistakes a general circular asking that the detailed particulars of the collateral security which is offered should be entered in the printed application form. At present they simply say 'Personal' or 'Property'. If they specify the reasons the property, such mistakes are not likely to occur

Respected Sir,

With reference to Financial Secretary's No. Fl. 2995/G.F. 308-11-2 dated 29th January 1912, I beg to submit that I propose to run up a house in the Durgigudi Extension on site No. 68. Regarding the security, I beg to state that I am unable to furnish any other security than the house site referred to above and the house to be erected thereupon. I understand that in the case of similar grants made by Government to officials no additional security has been directed to be furnished and I therefore request for an extension of the same concession in my case also.

No 346 Encl

Submitted to the Dep. Comm. for favorable orders. I think the applicant's contention is sound and deserves to be treated favorably, since, in the case of many people (e.g. Mr. Venkanna, Asst. Shanbhogue & other applicants)

Send the usual letter

no other "collateral" security has been demanded.

It would go very hard with poor officials who have bought up sites & intend to build thereon, if the concession, hitherto granted, is now hedged around with restrictions as to collateral security. Moreover, government has always a hold on officials, and the amount can be recovered from their pay, or insurance bonus.

I would therefore suggest a that a reference may be kindly made to the Secy. on the subject.
